- ✔️ Farewell Breakfast at Ellen's Stardust Diner
- ✔️ Memories for the Whole Family

Why Participate in a Beyond the Stage Experience?

Beyond the Stage Experiences are designed to be much more than a dance trip—they're an opportunity to give your dancer something truly special. It's a chance for them to learn from industry professionals, build confidence, try new things, and be inspired by what's possible when they step outside their everyday dance routine. And while your dancer is growing, learning, and making new friends, your family gets to experience the excitement of New York City together. From incredible dance training and Broadway shows to iconic landmarks, great shopping, and amazing food, this experience offers the perfect balance of dance, adventure, and family time. It's an opportunity to invest in your dancer's growth, open their eyes to new possibilities, and create memories together that will last long after the trip is over.
